**FIRST QUARTERLY RESULTS ANNOUNCEMENT
FOR THE THREE MONTHS ENDED 31 MARCH 2007**

CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been established as a market designed to accommodate companies to which a high investment risk may be attached. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. Furthermore, there may be risks arising out of the emerging nature of companies listed on GEM and the business sectors or countries in which the companies operate. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM. The principal means of information dissemination on GEM is publication on the Internet website operated by the Stock Exchange. Listed companies are not generally required to issue paid announcements in gazetted newspapers. Accordingly, prospective investors should note that they need to have access to the GEM website in order to obtain up-to-date information on GEM-listed issuers.

The Stock Exchange takes no responsibility for the contents of this announcement, makes no representation as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors of the Company collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the Growth Enterprise Market of the Stock Exchange for the purpose of giving information with regard to the Company. The directors having made all reasonable enquiries, confirm that, to the best of their knowledge and belief: (1) the information contained in this announcement is accurate and complete in all material respects and not misleading; (2) there are no other matters the omission of which would make any statement in this announcement misleading; and (3) all opinions expressed in this announcement have been arrived at after due and careful consideration and are founded on bases and assumptions that are fair and reasonable.

Note:

1. Principal Activities

The Group was principally engaged in the research, development, manufacturing, marketing and sale of embedded systems, including network security products (“NET”), wireless fire alarm systems and related products. The Group was also engaged in the sale of computer products (“Computer”) and the provision of total solution services through application of its existing embedded system products.

2. Basis of Presentation

2.1 Adoption of new and revised Hong Kong Financial Reporting Standards (“HKFRSs”)

In the current period, the Group has adopted all the new and revised HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) that are relevant to its operations and effective for accounting periods beginning on or after 1 January 2007. HKFRSs comprise Hong Kong Financial Reporting Standards (“HKFRS”); Hong Kong Accounting Standards (“HKAS”); and Interpretations. The adoption of these new and revised HKFRSs did not result in substantial changes to the Group’s accounting policies and amounts reported for the current periods and prior periods.

The Group has not applied the new HKFRSs that have been issued but are not yet effective. The application of these new HKFRSs will not have material impact on the financial statements of the Group.

2.2 Basis of preparation

These financial statements have been prepared in accordance with HKFRSs issued by HKICPA, accounting principles generally accepted in Hong Kong and the applicable disclosure required by the Rules Governing the Listing of Securities on the GEM of the Stock Exchange and by the Hong Kong Companies Ordinance. These financial statements have been prepared under the historical cost convention, as modified by the revaluation of investments which are carried at their fair values. These financial statements are presented in Renminbi (“RMB”), which is the same as the functional and presentation currency of the Company, and all values are rounded to the nearest thousand (RMB’000) except when otherwise indicated.

The accounting policies adopted in preparing these first quarterly results are consistent with those used in the Company’s annual audited consolidated financial statements for the year ended 31 December 2006.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 March. Subsidiaries are entities over which the Group has control. Control is the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group has control.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date the control ceases.

The gain or loss on the disposal of a subsidiary represents the difference between the proceeds of the sale and the Group’s share of its net assets together with any goodwill relating to the subsidiary which was not previously charged or recognised in the consolidated income statement and also any related accumulated foreign currency translation reserve.

Inter-company transactions, balances and unrealised profits on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Minority interests represent the interests of minority shareholders in the operating results and net assets of subsidiaries. Minority interests are presented in the consolidated balance sheet and consolidated statement of changes in equity within equity. Minority interests are presented in the consolidated income statement as an allocation of profit or loss for the period between minority and shareholders of the Company. Losses applicable to the minority in excess of the minority's interests in the subsidiary's equity are allocated against the interests of the Group except to the extent that the minority has a binding obligation and is able to make an additional investment to cover the losses. If the subsidiary subsequently reports profits, such profits are allocated to the interests of the Group until the minority's share of losses previously absorbed by the Group has been recovered.

3. Revenue

The Group's revenue represents the net invoiced value of goods sold to customers after allowances for returns and trade discounts, and the value of services rendered, net of sales taxes.

An analysis of revenue is as follows:

	2007 <i>RMB'000</i>	2006 <i>RMB'000</i>
Sale of embedded systems and related products	7,414	4,400
Sale of computer products	19,498	6,764
Rendering of total solution services	95	8
	<u>27,007</u>	<u>11,172</u>

4. Other income

	2007 <i>RMB'000</i>	2006 <i>RMB'000</i>
Interest income	1,619	1,015
Net foreign exchange gain/(loss)	296	(347)
Others	2,045	56
	<u>3,960</u>	<u>724</u>

5. Income tax expense

Hong Kong profits tax has not been provided as the Group has no assessable profits arising in Hong Kong during the period (2006: RMB Nil). Tax charge on profits assessable elsewhere have been calculated at the rates of tax prevailing in the country in which the Group operates, based on existing legislation, interpretations, and practices in respect thereof.

The Company is registered in the Beijing New Technology Enterprise Development Zone and has been certified by the relevant People's Republic of China ("PRC") authorities as a high technology enterprise. Pursuant to the Income Tax Law in the PRC, the Company is subject to corporate income tax at a rate of 15%. In accordance with an approval document issued by the relevant tax bureau, the Company has been granted income tax exemption for the three years ended 31 December 2002 and 50% reduction in corporate income tax for the three years ended 31 December 2005. No provision for corporate income tax was made for the period as the Company incurred tax loss for the period ended 31 March 2007.

The subsidiaries of the Group established in the PRC are generally subject to income tax on their taxable income at a combined national and local tax rate of 33%. Certain subsidiaries enjoy tax preferential rights and subject to a tax rate of 15% during the period.

At 31 March 2007, there was no significant unrecognised deferred tax liability (2006: RMB Nil) for taxes that would be payable on the unremitted earnings of certain of the Group's subsidiaries, as the directors do not have intention to remit such earnings to the Company in the foreseeable future.

6. Loss per share

The calculation of loss per share attributable to equity holders of the Company of RMB0.8 cent (2006: RMB1.1 cents) for the three months ended 31 March 2007 was based on loss attributable to equity holders of the Company of approximately RMB9,571,000 (2006: approximately RMB13,422,000) and the weighted average number of 1,184,800,000 ordinary shares (2006: 1,184,800,000 ordinary shares) in issue during the period.

DIVIDEND

The Board does not recommend the payment of an interim dividend for the three months ended 31 March 2007 (2006: RMB Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

Benefit from the general increase in profitability, companies were more generous to spend on new IT equipments and upgrade existing products. Demand for the Group's embedded system products increased obviously. The Group adjusted its sales policy to accept more risk-assessed credit orders to cope with the market change. Turnover for the first quarter of year 2007 ("1Q07") recorded a 141.7% increase up to approximately RMB27,007,000 as compared with the first quarter of year 2006 ("1Q06"). Computer product segment contributes the most as it recorded a remarkable boost of turnover by 188.3%. Profit margin improved also as a result of increase in selling price. Gross profit margin rosed up to 6.7% for 1Q07, representing over 85% increase from 1Q06.

Other income for 1Q07 mainly represented VAT tax refund and written off of over-accrued costs in previous years.

Loss for the period attributable for equity holders of the Company reduced by 25.6% to RMB10,523,000.

Available-for-sale financial assets – Semiconductor Manufacturing International Corporation ("SMIC")

During 1Q07, sales of SMIC increased 1.2% to US\$388.3 million from US\$383.8 million in the fourth quarter of year 2006 ("4Q06"). SMIC recorded a decrease in capacity to 177,150 8-inch equivalent wafers per month and a utilization rate 86.2% in 1Q07. Gross margins were 9.5% in 1Q07 as compared to 5.1% in 4Q06. Net income was US\$8.8 million in 1Q07 as compared to a net loss of US\$9.6 million in 1Q06 and a net income of US\$0.1 million in 4Q06. During 1Q07, SMIC attained a significant growth in orders from the Chinese local design companies, which accounted for 12.8% of the revenue as compared to 8.8% in 4Q06.

Capital commitment

The Group did not have material capital commitments as at 31 March 2007 (2006: RMB Nil).

Contingent liabilities

Chengjian Donghua is currently a defendant in a civil litigation in Beijing involving the land use rights of a parcel of land (the "Land") located in Beijing which is currently registered under the name of Chengjian Donghua. Shenzhen Development Bank ("SDB") is the plaintiff in such civil proceedings. The Land is used for the development of a transportation terminal and a large-scale commercial and residential complex (the "Dongzhimen Project"). The development right of the Dongzhimen Project was vested in Chengjian Donghua from a joint venture company established by Chengjian Donghua and Strong Ground Investment Limited ("Strong Ground") in 2002, namely 北京東華廣場置業有限公司 ("Beijing

Donghua Company”), by the cancellation of the cooperation between Chengjian Donghua and Strong Ground.

Beijing Donghua Company is the guarantor of a principal sum of RMB1,500 million together with interest accrued thereon lent by SDB to Zhongcai State-owned Enterprise Investment Company Limited and Shouchuang Network Company Limited. Based on documents filed with the People’s High Court of Beijing, SDB alleges that the cancellation of the cooperation between Beijing Donghua Company and Strong Ground has infringed the right of SDB by removing such a main asset from Beijing Donghua Company and in turn has reduced the repaying power of Beijing Donghua Company and its claim comprised, among other things, an order that Beijing Donghua Company be adjudged liable as guarantor for the principal sum of RMB1,500 million (together with interest accrued thereon up to 31 October 2005 in the amount of RMB30.74 million) lent by SDB to Zhongcai State-owned Enterprise Investment Company Limited and Shouchuang Network Company Limited and an order for the transfer of the Land from Chengjian Donghua to Beijing Donghua Company.

On 17 November 2005, SDB obtained an order from the People’s High Court of Beijing to freeze the assets of Beijing Donghua Company and Chengjian Donghua for a value equivalent to RMB1,530 million. The assets forming the subject of the order included the Land.

On 21 August 2006, in view of the provision of a guarantee by 北大資產經營有限公司 (Peking University Asset Management Company Limited) (a company wholly owned by the Peking University which is the ultimate controlling shareholder of three existing promoters of the Company and is therefore a connected person of the Company under the GEM Listing Rules), the People’s High Court of Beijing discharged the freeze order upon application by Chengjian Donghua on the ground that the guarantee was able to satisfy the requirements of the relevant laws and regulations relating to the provision of guarantees by small- to mid-sized enterprises.

Under the above circumstances, although the above claim by SDB against Beijing Donghua Company and Chengjian Donghua is still pending adjudication by the People’s High Court of Beijing, the Directors are of the view that Chengjian Donghua has a valid defence against the aforesaid claim by SDB. Therefore, no provision for the above claim was made in the financial statements of Chengjian Donghua.
